"The One Call for your Greenscape Needs"

B&K

Landscaping & Lawn Service

Rock Valley, Iowa • 712.476.9970

April showers bring…a green yard! Get your yard looking fresh this spring with help from the experts at B&K Landscaping. Now is a great time to get a new lawn installed or an existing lawn redone.

B&K also provides lawn aeration, which helps the roots breathe, grow, and spread out. Additionally, it loosens the soil, helps the roots absorb fertilizer and water, and makes the grass healthier and greener. **Your lawn will be the envy of your neighbors!**

A working irrigation system is an important part of keeping your lawn and landscaping healthy and well-maintained. We will install your irrigation system and service it as needed.

Our team is still cleaning up yards as well. Contact B&K today to clean out landscapes, blow out leaves, and pick up twigs or branches. We also clean out gutters and downspouts to help prevent flooding from future rainfall this spring.

Call us today to get on our list for your summer installation projects! Whether it is your outdoor living area, lawn, or water feature, we still have openings available for this summer! Book today because we will fill up fast!
